## HEALTH AND BEAUTY HINTS

BY MRS. MAE MARTYN

A. D. C.: That itching and profuse dandruff plainly indicate an unhealthy condition of the scalp. It is easily cured by using a certain relief which my friends and I have proven. This is inexpensive and is made as follows: Into ½ pint water, stir an ounce of glycerine (from any drug-gist) and add 2 teaspoonfuls of glycerine. Apply the jelly cream plentifully on retreating and massage well into the skin. Then in the morning wash off and apply a little more. A few such treatments will soon clear the skin of wrinkles, redness, itching, and give you a velvety complexion.
